You can use the following text as an example of how to write the brief description:

The Bedestan is one of the most important historical buildings in Nicosia, reflecting the multicultural life and many historical periods of the city. Contained within the city walls, the Bedestan was originally a 12th century Byzantine church, later used as a covered market place.

The study's aim is to enhance the building through historical research and diagnostic investigations prior to the assessment for static consolidation, conservative restoration and re-qualification, and finally, through the re-insertion of the monument into the urban setting of the historic centre of the city.

The overall result is a showcase project which ensures continuity between the past, present and future needs of the building. The study, the restoration research and the re-use of the Bedestan are part of various initiatives within the wider framework of the "Rehabilitation of Old Nicosia".
